

# NWN Newsletter #9

April 2024

NWN meets nightly at 22:00 Pacific on 3567 Kc

Hello gang,

Made it through March in one piece. Got all the parts for my doublet but probably won't be going in the air for a while as the yard project is going to take longer than expected.

QNI's are up from the month before. Averaging 8.9, up from 8.24 in February. For a small nighttime net, we turn in some really good numbers.

Terry N7TB is now on the regular QNA list.

Don W7GB and Lee N7KC made the net every night last month. Good job gentlemen.

If anyone is interested in becoming an NCS, please contact me - Patrick NG7I [sbus1313@gmail.com](mailto:sbus1313@gmail.com) and I'll get you on the schedule.

If you're not in the Northwest, just think of NWN as "Net Without a Name" -hi
