

# NWN Newsletter #10

May 2024

NWN meets nightly at 22:00 Pacific on 3567 Kc

Hello gang,

Struggled a few nights but for the most part condx are still good. Might suffer a bit as we get deeper into summer. QSP might have to happen like we did back in the depths of winter.

<u>CALL</u>	<u>QNI</u>
N16A	19

WB7WFL	25
K6YR	15

QNI's are down 8 from the month before. Averaging 8.63 per night, down from 8.9 in March. However, we made up for it in QTC; 49 up from 44 in March. Not bad for a social evening net.

Dan N0DA, Don W7GB, and Lee N7KC made the net every night last month. Good job gentlemen.

Lorne VE6AWI and Art K7EP are on the Occasional List for May. Hope to see them back soon!

If anyone is interested in becoming an NCS, please contact me - Patrick NG7I [sbus1313@gmail.com](mailto:sbus1313@gmail.com) and I'll get you on the schedule.
