I've been on the air much less than normal (but still manage to make NWN) due to an increase in demanding work situations. Now just under 4 more years till retirement and I can't wait!

Remember, if you go looking for the new roster or newsletter on the [website](#), hit your browser's refresh button to get the latest links and updates.

If the scheduled NCS doesn't show up, feel free to take it. If they should show up later, you can always QNG if you so choose.

If anyone is interested in becoming an NCS, please contact me - Patrick NG7I [sbus1313@gmail.com](mailto:sbus1313@gmail.com) and I'll see about getting you on the schedule. *If you want to try it, just ask.* The existing guys might just let you have their slot! If it turns out to be too much then we'll take it back no problems.

...

If you're not in the Northwest, just think of NWN as "Net Without a Name" -hi
