QNI	230
QTC	14

QNI numbers are about the same as last month with QTC about half of June's volume. Thank you everyone for keeping NWN going every night!

Art K7EP gave me some of his bugs to restore and I was able to get one done. A 1953 Vibroplex Champion. It wasn't in terrible shape but now it's almost showroom fresh and ready to plug-in and use.

If anyone is interested in becoming an NCS, please contact me - Patrick NG7I sbus1313@gmail.com and I'll see about getting you on the schedule. *If you want to try it, just ask.* The existing guys might just let you have their slot! If it turns out to be too much then we'll take it back no problems.

Best 73,
Patrick NG7I
