QNI	249
QTC	39

Stats: QNI's were higher this month than last, by 16 check-ins, with QTC's up by 5. Average daily checkins went from 7.77 to 8.03.

Lee N7KC has taken a break from radio for a bit for medical reasons but hopefully will return soon. For now he's on the occasional checkin list. We wish him all the best! Dan and I have filled in Lee's NCS slots but if anyone would like to have one of those nights, please let me know and I'll get you in.

It's good to see Art K7EP, Terry N7TB and Tim WB7WFL making a strong comeback to NWN last month.

Welcome back gentlemen!

Condx continue to be good with only a few nights being marginal copy for the outliers. Still no nights requiring the SDR.

Dan N0DA, and myself hit [every](#) NWN session in May.

If anyone is interested in becoming an NCS, please contact me - Patrick NG7I [sbus1313@gmail.com](mailto:sbus1313@gmail.com) and I'll see about getting you on the schedule. *If you want to try it, just ask.* The existing guys might just let you have their slot! If it turns out to be too much then we'll take it back no problems.

...

Best 73,  
Patrick NG7I

If you're not in the Northwest, just think of NWN as "Net Without a Name" -hi
