

# NWN Newsletter #30

May 2026

NWN meets nightly at 22:00 Pacific on 3560 Kc

Hello gang,

<u>CALL</u>	<u>QNI</u>
-------------	------------

NI6A	5
K6APW	28
N0DA	28
K7EP	1
W7GB	30
NG7I	30
W7IZ	12
N7KC	30
KE7LKW	2
WB4SPB	27
N7TB	1
KB7WDP	24
WB7WFL	0
K6YR	15

---

QNI	233
QTC	34

Stats: QNI's were lower this month than last, by 17 check-ins, with QTC's down by 6. Average daily checkins went from 8.06 to 7.77. April was also a shorter month.

I would like to welcome Stewart KE7LKW to NWN! He's been a part of northwest Nets over the years on WCN and I think WSN at times. He's into photography and portable QRP ops from interesting places he's hiked to. Keep a keen ear for his signal. I've added him as an occasional checkin to the roster.

Condx continue to improve with only a few nights needing some power and no nights requiring the SDR.

Lee N7KC, Don W7GB, and myself hit **every** NWN session in April.

If anyone is interested in becoming an NCS, please contact me - Patrick NG7I [sbus1313@gmail.com](mailto:sbus1313@gmail.com) and I'll see about getting you on the schedule. *If you want to try it, just ask.* The existing guys might just let you have their slot! If it turns out to be too much then we'll take it back no problems.

...

If you're not in the Northwest, just think of NWN as "Net Without a Name" -hi

Best 73,  
Patrick NG7I
